

### OVERVIEW

This trip is open to skiers too! Click [here](#) for ski information.

Escape the summer heat and head down to New Zealand for the ultimate snowboard holiday - a tour through the South Island's three best snowboard regions and seven best resorts. Enjoy expert instruction and guiding, untracked powder, unforgettable heli-boarding, world-class terrain parks and stylish accommodation while touring the very best of 'Middle Earth's' spectacular scenery.

### IS IT FOR ME?

This is the ideal trip for those who want a good overview of New Zealand's mountains, scenery and culture. The trip is freeride focused but also allows for extensive freestyle opportunities. Beginners, intermediates and advanced are welcome.

### HIGHLIGHTS

- \*High quality instruction & guiding for all abilities
- \*Unforgettable heli riding day
- \*Full days of riding and coaching
- \*Tour New Zealand's best resorts & scenery

### INSTRUCTOR TO GUEST RATIO

### ITINERARY

**Day 1:** Welcome to New Zealand's incredible South Island - the home of Middle Earth! Our New Zealand snowboard holiday starts in Queenstown, New Zealand's most famous resort town, set beside a stunning lake and surrounded by the jagged peaks of the Southern Alps. After settling into our accommodation - stylish villas that are an easy walk to the town centre, you'll be free to explore the many shops and cafes of this vibrant town. We'll meet in the evening for dinner at one of our favorite restaurants.

**Day 2:** The riding begins! There are four world-class resorts within easy access of Queenstown and we'll explore them all. Today will be a warm-up day and a chance for your coach to find out what your goals and development needs are. If conditions are right, we'll head to the Remarkables Resort to enjoy the varied runs, wide bowls and backcountry steeps that characterize this resort. In the evening we'll meet for dinner in Queenstown and then you'll be free to check out the nightlife Queenstown is famous for.

**Day 3 & 4:** During days 3 & 4 of our New Zealand snowboard holiday we'll continue to explore the resorts around Queenstown, choosing whichever resort offers the best conditions on the day. We can visit Coronet Peak, the nearest resort to Queenstown, head back to The Remarkables, or take a short drive over a spectacular mountain pass to two more quality resorts. Your instructor will accompany you throughout the day providing you with tips and encouraging you to challenge your riding. In the evenings there'll be video coaching to help you further develop your technique.

**Day 5:** Today will be an optional activity day, choose from bungy jumping, jetboating or paragliding. Or, hit the slopes for another day of awesome riding. In the evening we'll take a short drive to our next destination: the laid-back resort town of Wanaka. Set beside yet another spectacular lake, Wanaka is a small but lively town that offers a good selection of cafes, restaurants and bars. We'll be staying in luxury houses with spacious living areas and kitchens, breathtaking views, and modern decor.

**Day 6 & 7:** The three resorts surrounding Wanaka offer some of the best freestyle and freeriding on the planet. Treble Cone was recently voted the 3rd best resort in the World thanks to incredible backcountry terrain. Cardona, New Zealand's most popular resort, offers wide slopes, some challenging steeps, and an extensive terrain park. SnowPark is the world's only freestyle-exclusive resort and is a Mecca for those who are interested in freestyle snowboarding. We'll explore each of these resorts during our five days in Wanaka. In the evenings we'll enjoy some of Wanaka's excellent

restaurants, we'll visit New Zealand's most famous pub, we'll soak in some luxury hot springs, and we'll check out Cinema Paradiso, one of the coolest movie theatres on the planet!

**Day 8:** Heli-day! Enjoy a full-day of long powder runs in the mighty Southern Alps (please see optional extras for pricing). Heli-skiing is the ultimate for any powder lover, and if you're going to do it, it pays to go in New Zealand where prices are lower than in most other countries. Those who do not opt for the heli day will enjoy another day of awesome riding in the Wanaka region.

**Day 9:** Today is a rest day. We'll take a spectacular four hour drive past emerald lakes, wild tussock lands and Mt Cook (the Southern Hemisphere's highest peak) to arrive at our base for the remainder of the trip: a hidden region where large sections of the *Lord of the Rings* movies were filmed. Here we'll stay in a remote mountain lodge.

**Day 10:** Today, if you opt for the HeliPark, this is your day for an unforgettable adventure. Jump in a helicopter for a short ride to New Zealand's highest snowfall mountain. We'll have the entire mountain to ourselves and will spend an unforgettable day accessing deep, untracked powder using helicopter transportation. Prepare for the best powder riding of your life! For those who don't opt for the HeliPark, this will be an amazing day of riding at Mt. Hutt. In the evening we'll enjoy delicious food, video coaching, and drinks back at the lodge.

**Day 11:** Our New Zealand snowboard holiday ends in Christchurch or Queenstown, depending where your flight departs from.

### INSTRUCTION

We are dedicated to offering the highest quality snowboarding tips and instruction on the market. We know there are a multitude of other snowboard schools and instruction programs that you could choose from, but we believe that ours is unique thanks to the individual attention we give our clients and to the quality and nature of our coaches. It's also unique because rather than being confined to just one mountain resort, as most snowboard schools are, our snowboard coaching takes place at a variety of different resorts in the magnificent New Zealand Alps.

#### OUR NEW ZEALAND INSTRUCTION PROGRAM

Our New Zealand trip is ideal for those who want to develop their all-round riding. You can choose to focus solely on freeriding, or you can work on developing your freestyle and freeride skills. There will be plenty of opportunities for both.

**Beginners:** Our beginner program is tailored to guests who have never or very rarely snowboarded before. To read more about this program, please check out our [beginners section](#)

**Intermediates:** Our intermediate program is designed to ensure that intermediate snowboarders optimize their overall technique, develop their style, and challenge their performance. At the beginning of the trip we'll assess your particular development needs and then work with you to achieve your goals by providing you with snowboarding tips, advice and instruction. To increase your confidence, speed and technique you will be taught to exercise more control of your board by doing 360 slides, riding switch, doing ollies, and riding steep terrain. We will also check to ensure that you ride using the optimal technique and body positioning. For intermediates who are interested in freestyle, we will provide snowboarding tips and instruction on jumping kickers, sliding rails and boxes and riding pipe. Intermediate snowboarders who are more into freeriding will be familiarized with different turning techniques, such as carving and fakie riding, and will be encouraged to ride more confidently and aggressively. You will also be encouraged to test your riding by taking advantage of natural hits, bumps and walls. In addition, we will teach you the correct technique for riding powder and we will familiarize you with using avalanche transceivers and other backcountry safety equipment. In the evening there will be video coaching to further illustrate the snowboarding tips and instruction we provide you during the day. There will also be informal evening workshops on such topics as backcountry safety and waxing and tuning. To minimize your chance of injury, we will start each day with a warm-up session targeted specifically to snowboarders.

**Advanced:** Our advanced program is for freestyle and freeride snowboarders who are very proficient riders and who would like to improve certain freestyle tricks or freeride techniques, or who are looking to push their overall riding by snowboarding with world-class athletes. You will be accompanied by a professional or former professional snowboarder who can help you with whichever skills you wish to develop, be it perfecting certain tricks in the park or working on picking and perfecting backcountry lines. These coaches will provide you with all the snowboarding tips you need to develop your riding long after the trip is over. As with beginner & intermediate level riders, we will film you during the day and analyze the footage with you in the evening to provide you with additional feedback and snowboarding tips. There will also be informal evening workshops on such topics as backcountry safety and waxing and tuning.

**Please note:** To better cater to your level, coaches may not always choose to work with their entire group at the same

time. This will result in more tailored coaching but may mean you are left to practice on your own for some periods of the day.

WE BASE OUR SNOWBOARD INSTRUCTION ON THE FOLLOWING POINTS:

\* **Individual attention:** Most snowboard schools and camps process so many clients each week, they cannot afford to give students the individual attention they deserve. Although our instruction is group instruction, we treat each client as an individual - identifying their particular development needs and learning goals and working with them to ensure they receive the necessary snowboarding tips and instruction to meet their learning goals.

\* **Low coach-to-client ratio:** In order to ensure clients receive the attention they deserve, we use a much lower client-to-coach ratio than do most snowboard instruction programs. Our client-to-coach ratio is a maximum of 5-to-1 (often it is much lower), whereas many snowboard schools use a ratio as high as 10-to-1.

\* **Proprietary coaching program:** Our team of expert instructors has worked hard to develop a proprietary coaching program that maximizes client learning and contains all the snowboarding tips necessary to develop your riding.

\* **Maximum flexibility & all-day coaching:** Although we base our snowboard instruction on a comprehensive plan, we nevertheless keep it as flexible, relaxed, and tailored to the individual as possible. The atmosphere we create is more one of riding with friends than partaking in a lesson. Our instructors will ride alongside you giving you snowboarding tips and encouragement; they won't line you up in a group and teach from a generic lesson plan as you find in a typical snowboard school experience. Also unlike typical snowboard schools, we don't limit you to just a few hours of instruction per day; our instructors are available to encourage you and give you snowboarding tips all day long. You can use our instructors as little or as much as you like, and you can push yourself as much as you choose.

\* **Highest quality instructors:** We work hard to select the best possible instructors. Our coaches are expert snowboarders (many are professional or competitive snowboarders) who have extensive coaching experience. Perhaps even more importantly, our instructors are fun, open and easy-going people who love to teach.

\* **Video coaching & workshops:** To maximize your learning and to further illustrate the snowboarding tips we give you during the day, we use video coaching and informal evening workshops.

\* **Long-term improvement:** Snowboarding can be a challenging sport. There is so much to learn and you may not master all the skills and techniques you desire during your short time with us. One of the goals of our program, therefore, is to give you all the snowboarding tips, knowledge and advice that you need to be able to continue to learn from us months and even years after you've left us.

\* **An unforgettable experience:** Although we want you to maximize your snowboard performance, our most important goal is that you have a fantastic time while traveling with us. For this reason we work hard to create a supportive, relaxed and fun atmosphere and to create an itinerary that is unique and full of variety.

### BEGINNERS

Our snowboard trips are open to snowboarders of all abilities, including beginners who want to learn how to snowboard. If you've never snowboarded before you might want to try it out for a few days before you join us on our trip. But once you've decided that the sport is for you, we'd love to have you join us in New Zealand. We offer a systematic learning program for beginners to ensure that you learn how to snowboard correctly from the beginning (or, if you've already snowboarded a few times before, to ensure we correct any bad habits that you might have developed). Relative to other board sports, it is quite easy to learn how to snowboard, but it is also easy to pick up bad habits if you do not receive proper instruction from the start. Bad habits can significantly effect your progression as a snowboarder and can lead to frustration later on. It is thus essential that you learn how to snowboard with the right technique from the start. Our instructors are experienced in teaching beginners how to snowboard and love introducing new people to the sport. They will teach you at your own pace, in a relaxed and non-intimidating way. After two weeks with our instructors, you'll not only be amazed by how much you progress, but also by how hooked you'll become on snowboarding.

### Our Beginner Instruction Program

Our beginners program is tailored to clients who have never or very rarely snowboarded before. Depending on your ability, our beginner's program will work on getting you comfortable on your board by sideslipping on the heelside & toeside edges of your board, linking basic turns and performing 360 slides on the slopes. We will also work with you to ensure you develop correct body-positioning. As your time with us progresses we will teach you to how to snowboard with increasing speed and smoother turns. If you are ready we may also work on carving and introduce you to basic

freestyle elements and/or powder riding. One of the most powerful tools for learning how to snowboard is seeing yourself in action, so we will film you during the day and analyze the footage with you in the evening to provide you with additional snowboarding tips. In addition, we will provide you with workshops on how to wax, tune and care for your board. We start each day with warm-up exercises to minimize your chance of injury.

To learn more about our coaching system, please see our [instruction section](#).

### TERRAIN

Our New Zealand tour is suited to both freeriders and freestylers. We'll visit up to seven New Zealand ski resorts in the regions described below.

**Ski Resorts in the Queenstown Region:** The undisputed adventure capital of New Zealand, the Queenstown region provides access to four of the best known New Zealand ski resorts, offers incredible heli-boarding, and is home to one of the most spectacular mountain ranges in the world. A wealth of easily accessible backcountry terrain and several excellent parks makes this region ideal for all-round riding.

**Ski Resorts in the Wanaka Region:** Also home to some of the best New Zealand ski resorts, Wanaka draws snowboarders from all over the world thanks to its proximity to one of the Southern Hemisphere's most famous freeride resorts, recently voted the 3rd best resort in the world, and to its accessibility to several first-rate freestyle parks, including the world's first freestyle-only ski resort.

**Heli-boarding in the Land of the Rings:** Our final days will be spent in a remote region of the Southern Alps which few people ever access. This region boasts the highest annual snowfalls in the Southern Hemisphere and offers unforgettable freeride terrain. For those who opt for heli-boarding, we'll take a short heli-ride to our mountain base and from here our group will enjoy a full day of heli runs through pristine powder. The terrain is extensive and with a maximum of 14 people allowed on the private terrain each day you should never have to cross another track all day! For those who do not opt for Heli-boarding, there will plenty of amazing terrain at a nearby resort.

### ACCOMMODATION

The goal of our New Zealand adventure tours is to give you the most memorable experience possible and this extends to our choice of accommodation. For our New Zealand snowboard tour, we've selected the coolest, funkiest, most comfortable accommodations we could find. Aside from two memorable nights in a remote mountain lodge, all our accommodations are modern, spacious and attractive, with unbelievable views and cool locations. They have all the amenities you'll need, including TVs, VCRs and stereos, and are in walking distance from the main town centres. You'll be hard pressed to find other New Zealand adventure tours that offer the quality and variety of accommodation that we offer.

Our first home is stylish apartments just two-minutes walk away from the main restaurants and bars of Queenstown. In Wanaka, our second base, we'll stay in modern homes with stunning lake and mountain views. These are spacious, architecturally designed homes with large living areas, open fires, and stylish decor. Our final home will be more rustic, but very memorable, a cozy mountain lodge set deep in the mountains. This lodge is set in dramatic scenery where large sections of the Lord of the Rings Movies were filmed and is well off the tourist trails.

### FOOD

Ask any of our past clients and they'll tell you that one of the coolest parts of our New Zealand snowboard holidays is the great people they attract and the fun that these people have hanging out together. Of course, if you want a quiet and relaxing holiday to yourself, you're totally free to do so.

But if you do want to use our New Zealand snowboard holidays to get to know some awesome people and to enjoy some memorable nights out, there are always plenty of willing participants and plenty of things to do! Every night we'll book a restaurant for those who want to eat as a group. Wanaka and Queenstown have a ton of excellent, reasonably priced restaurants with food for every taste: from Japanese, Indian and Thai to Italian, Chinese and Fish & Chips (budget around US\$12, US\$28 per day for lunch and dinner).

After dinner the choice is yours, you can hit the bars, watch a movie, head to a cafe, or just rent a video and chill at home. As far as nightlife is concerned, Wanaka and Queenstown offer a multitude of bars and clubs, more than you could ever hope to discover during the period of our trip. Wanaka's scene is more down-to-earth with tons of laid-back bars and pubs. Queenstown is more cosmopolitan and offers an excellent music scene that attracts some well-known

DJs. In either case, prepare to enjoy some memorable nights and delicious food during our New Zealand snowboard holidays!

This trip includes the dinners on Day 9 & Day 10.

### DATES & PRICES

For detailed dates and pricing information, please see our website at <http://www.accesstrips.com>

### TRAVEL INFO

#### 1) ARRIVAL & DEPARTURE INFORMATION

**Arrival and Departure Airport:** You should arrive at Queenstown Frankton Airport (airport abbreviation: ZQN) and depart from either Christchurch International Airport (airport abbreviation: CHC) or Queenstown Frankton Airport. See Drop-off information below to determine which airport you'd rather fly out of.

**Pickup information:** Our tour begins at Queenstown Frankton Airport. We will be waiting for you in the baggage claim area (if you arrive on a domestic flight) or after you pass immigration (if you arrive on an international flight) with a sign saying `Access Trips`. Please ensure that your flight arrives between 8am and 6pm on the first day of your session.

**Drop-off information:** Our tour ends in Christchurch. You may either choose to fly out of Christchurch International Airport (airport abbreviation: CHC), or if you prefer to fly out of Queenstown Frankton Airport we will provide van transportation back to Queenstown (approximately 5-6 hour drive). If you opt to fly out of Christchurch you should ensure that your flight departs after 11am in order that we have enough time to get you to your flight. If you opt to fly out of Queenstown you should ensure that your flight departs AFTER 3pm.

**Airlines and Checking Equipment:** If you intend to bring your own equipment, please check with your airline regarding policies for checking and transporting sports gear and equipment before you book your flight. This includes inquiring as to weight, charges and liability.

**Flights:** We do not book flights or insurance for our clients. For recommendations, [click here](#)

#### 2) TRAVEL REQUIREMENTS

**Travel Insurance:** Travel insurance, including emergency evacuation coverage, is compulsory for all our trips. Please do not attend any of our trips without purchasing appropriate insurance coverage. We recommend that you purchase travel insurance that includes cancellation protection so that you will be covered in the event that you are unable to attend our trip (due to injury, illness or other unforeseen circumstances) or in the unlikely event that our trip must be cancelled. We do not provide travel insurance for our clients. Please contact your local travel agent to purchase travel insurance.

**Passports & Visas:** All countries require a valid passport (with a minimum of 6 months validity). Citizens of some countries will also require a visa. To learn more about visa and entry requirements for New Zealand, please check out the New Zealand Embassy website at: <http://www.nzembassy.com/> or consult your local travel agent. Please note that it is your responsibility to ensure that you have the correct travel documentation.

**Age:** We do not have any age restrictions on our trips. The majority of our clients are between the ages of 25 and 45, but we also have many clients who are older and younger than this.

#### 3) HEALTH AND SAFETY

**Emergency Contact:** If you need to contact Access Travel in an emergency, you can reach us during office hours at the following numbers:

Dialing within North America: 1 (650) 492-4778

Dialing outside of North America: +1 (650) 492-4778

If you feel that you need to contact us outside of office hours, one of our staff members will be available on the following mobile lines:

Mobile-phone: +1 650 521 2662 or +1 650 387 4249

If you do not receive an immediate answer when calling the above numbers, please leave us a detailed message and we will get back to you as soon as possible.

**Health requirements:** Please carefully review the health information section of the following webpage for up-to-date health information, including information on the quality of medical care, the availability of medications and the necessity for vaccinations in the destination country: [http://travel.state.gov/travel/cis\\_pa\\_tw/cis/cis\\_984.html](http://travel.state.gov/travel/cis_pa_tw/cis/cis_984.html). You are responsible for ensuring that you receive any necessary vaccinations before embarking on your trip with us.

**Fitness requirements:** The majority of our trips are open to people who are beginners in our target sports. Nevertheless, you should have a reasonable level of fitness before attending any of our trips and you should enjoy physical activity and the outdoors. During the majority of our trips you will be able to take a rest if you find that you are over-exerting yourself, but in order to maximize your enjoyment of our tours you should ensure that you are in reasonable shape.

**Safety & Security:** To maximize your safety during our tours you should exercise common sense and caution at all times. We recommend that you always stick to set travel arrangements, and avoid unknown areas. We also recommend that you wear minimal jewelry and that you keep valuable items safely stored. Always keep a copy of your passport, airline tickets, travelers checks and credit card numbers separate from where you keep the originals. For information on safety and security in New Zealand, please review the safety and security section of the following webpage: [http://travel.state.gov/travel/cis\\_pa\\_tw/cis/cis\\_984.html](http://travel.state.gov/travel/cis_pa_tw/cis/cis_984.html)

#### 4) WHAT TO TAKE

**Equipment:** To maximize your enjoyment and performance during our trip, we recommend you bring your own equipment and especially your own snowboard boots. If you are unable to bring your own equipment, however, we have high quality boards and boots available for rent. Please see the following web page for information on our rental equipment: <http://www.accesstrips.com/sports/snowboard-holiday/new-zealand-dates-prices/>

**What to bring:** Many of our trips require us to move our base several times, so we recommend that you pack as lightly as possible. There will not always be someone available to help you carry your bags so you should only bring as much as you can carry on your own.

**We suggest that you bring the following items:**

##### **Clothing & Equipment**

- \* snowboard & bindings
- \* snowboard boots
- \* snowboard pants and warm jacket
- \* gloves, goggles & warm hat
- \* helmet
- \* avalanche transceiver (if you have your own)
- \* casual winter clothes - jeans, pants, warm sweaters etc (washing machines are available in our accommodation so you don't need to pack for 13 days)
- \* toiletries
- \* money belt
- \* sunscreen
- \* first-aid kit (should contain lip balm, aspirin, band aids, a cream for sore muscles (e.g. deep heat), extra prescription drugs you may be taking)

##### **Documents & Money**

- \* passport (with photocopies)

- \* travel insurance (with photocopies)
- \* airline tickets (with photocopies)
- \* Credit and/or debit card and/or travelers cheques and/or cash
- \* Any entry visas or vaccination certificates required

### Spending Money

- \* Meals - for meals not included in the trip price, you should budget around US\$4-8 for lunches and US\$8-\$20 for dinners, depending on whether you want to eat in very simple restaurants or in more expensive locales.
- \* Other expenses - aside from meals, there are no required additional expenses for this trip, but you might like to take spending money for such things as souvenir shopping, nightlife and internet cafes.
- \* Tipping - there is no tipping in New Zealand

## 5) USEFUL LINKS

**Country Information:** For additional information about traveling in New Zealand check out [http://travel.state.gov/travel/cis\\_pa\\_tw/cis/cis\\_984.html](http://travel.state.gov/travel/cis_pa_tw/cis/cis_984.html)

## 6) ABOUT ACCESS TRIPS

**Who we are:** Access Trips is dedicated to offering a wide range of instructional adventure tours. If you're looking for a vacation that provides a huge sense of personal achievement while still being fun, exciting and rewarding, our tours are right for you. We coined the term "instructional adventure tour" to describe our unique style of travel because as far as we know, we are the only company in the world to specialize in offering a variety of such trips! Instructional adventure tours offer the best of both worlds - expert instruction to help you develop and improve in your favorite pastime (or, if you're a beginner, to help you learn a new pastime correctly from the start), and varied and exciting itineraries to give you a unique and memorable travel experience. Our tours are the perfect mix of a high quality instructional course and an exciting adventure vacation and you'll find there's nothing more satisfying than challenging yourself and reaching new heights in your favorite pastime, while also enjoying a unique and authentic travel experience. Our instructional tours encourage you to develop your potential in a relaxed and non-intimidating setting, regardless of your ability level, and reward you with carefully selected accommodation, delicious food, incredible scenery and unique cultural experiences.

We offer trips in all continents except Antarctica and we currently specialize in snowboarding, skiing, surfing, mountain biking and multisport tours. Our team is made up of instructors who are among the best in the world; we select them not only for their talent and experience (many are professional and competitive athletes) but also for their great personalities and their passion for coaching. Our tours attract men and women of all abilities and ages and, thanks to the fact that all clients have a common interest, our trips tend to be fantastic social experiences in addition to great instructional trips.

**Our commitment to our clients:** Like many travel companies, we are dedicated to offering the highest quality, safest and best value trips that we can. But our client mission is much more than this: on top of offering an excellent product, we are committed to making a positive change in the lives of our clients. We at Access Trips have all benefited in meaningful ways from the remarkable power of having a passion in life - of having a pastime that brings you pleasure, friendships, a sense of achievement and a total escape from the pressures of everyday life. Some of us have found self-confidence, others friendships, and others motivation and drive as a result of our involvement in sports. We want our clients to also experience the pleasure of finding and pursuing a passion. It is our goal that clients return from our trips having found a new passion or solidified an existing one, having made lasting friendships, having experienced a deep sense of achievement as a result of reaching new heights in their favorite sport, and having acquired a new perspective on life as a result of the unique experiences that our trips provide. We have had more than a few clients who have returned from our trips and decided to make major life changes such as changing careers to pursue more meaningful work, moving countries to be closer to the outdoors, and changing universities to be around more like-minded people. We do not expect our trips to have such a dramatic impact on all our clients, but we do hope that all our clients can be inspired in some small way from the experience of sharing their passion with us.

**Our commitment to others:** Although we are ultimately a for-profit business, Access Trips is about so much more than just turning profits. We operate Access Trips because we are passionate about travel, sports and the outdoors and

because we love to share this passion with our clients, our employees and the local people we encounter during our travels. It is deeply important to us that our business contributes to the world in a favorable way and that we use our resources to affect as much positive change in the world as we can. We believe that we have three major responsibilities: to our clients, to our employees and to the world at large (which includes the environment and local communities) and we are doing everything we can to serve these three groups to the best of our ability. Please see the company section of our website (<http://www.accesstrips.com/company/mission/>) to read more about the actions we are taking to fulfill our mission and to effect positive change in the world.

### **7) FINAL NOTE**

The information contained in this document is provided in good faith. Due to the nature of travel, details in this document may change. You should thus use the above information as an indication only and not as a contractual obligation on the part of Access Travel, Ltd.

### **TERMS & CONDITIONS**

Please have a look at our Terms & Conditions at <http://www.accesstrips.com/company/termsandconditions/> before you make your booking. Thanks!
